Re: Geotechnical Investigation for Pedestrian Bridge and Trail Project, Perry NY

We are pleased to inform you that you have been asked to submit a qualification package and cost proposal for a geotechnical investigation of the property near **1/2 South Main Street, Perry, New York.**

Please review the attached map for exact location and prepare a formal, itemized cost proposal for services sufficient to the needs of the Architect. These needs include:

- Boring and cores
- Associated lab work
- A technical memo outlining recommendations for
 - Bridge foundation
 - Boardwalk Piers
 - Connection to the existing bridge wall (Borden Avenue) over Silver Creek Outlet
 - Any other pertinent information related to the proposed project and the conditions found on site.

Project Landscape Architect William Price from SWBR can be contacted at 585.232.8300 or via email at wprice@swbr.com for further details on needs. We ask you to reach out to Bill to clarify details such as depth and any specifics of boring and core locations.

To arrange for an on-site inspection of the property please contact Samantha Pierce at spierce@villageofperry.com. Due to the topographical challenges related to this site we encourage a site visit before bidding.

The cost proposal, along with firm qualifications, experience, and insurance coverage, can be e-mailed to Samantha directly at spierce@villageofperry.com no later than **4:00 P.M., November 19th, 2021** to be considered for the project. If you do not wish to bid on this project, please return the bid packet to our office, along with a cover letter to this effect.

Sincerely,
LaBella Associates

Michael Cocquyt MBA CPRP
